

APEX Viability Assessment Checklist

Use Case: _____

Document Type: _____

Assessment Date: _____

Assessor: _____

Instructions

Complete all checkpoints before proceeding with implementation. Mark each item:

- [x] Complete
 - [~] In Progress
 - [] Not Started
 - [N/A] Not Applicable
-

Section 1: Technical Readiness

Document Requirements

#	Checkpoint	Required	Status	Owner	Due Date	Notes
T1	Document samples collected (minimum 50 per type)	Yes	[]			
T2	Samples are representative of production volume	Yes	[]			
T3	Document quality verified (>300 DPI, clear text)	Yes	[]			
T4	Document formats cataloged (PDF, image, etc.)	Yes	[]			
T5	Multi-page handling requirements documented	If applicable	[]			
T6	Language requirements identified	If applicable	[]			

Extraction Requirements

#	Checkpoint	Required	Status	Owner	Due Date	Notes
T7	Extraction fields defined and documented	Yes	[]			
T8	Field data types specified (text, number, date, etc.)	Yes	[]			
T9	Required vs optional fields identified	Yes	[]			
T10	Validation rules documented	Recommended	[]			
T11	Exception scenarios cataloged	Recommended	[]			
T12	Sample extraction results reviewed by business	Recommended	[]			

Integration Requirements

#	Checkpoint	Required	Status	Owner	Due Date	Notes
T13	Source system(s) identified	Yes	[]			
T14	Source system API documentation available	If applicable	[]			
T15	Target system(s) identified	Yes	[]			
T16	Target system API documentation available	If applicable	[]			
T17	Authentication mechanisms documented	If applicable	[]			
T18	Network connectivity verified	Yes	[]			
T19	Firewall rules/VPN requirements documented	If applicable	[]			

Infrastructure Requirements

#	Checkpoint	Required	Status	Owner	Due Date	Notes
T20	AWS account provisioned	Yes	[]			
T21	IAM roles and permissions configured	Yes	[]			
T22	S3 buckets created for document storage	Yes	[]			
T23	VPC/networking configured	If applicable	[]			
T24	Logging and monitoring enabled	Recommended	[]			

Technical Readiness Score: _____ / 24 checkpoints = _____%

Process Documentation

Metrics & Baselines

Exception Handling

Operational Readiness Score: _____ / 17 checkpoints = _____ %

Sponsorship & Governance

Project Resourcing

Change Management

#	Checkpoint	Required	Status	Owner	Due Date	Notes
R11	Stakeholder analysis completed	Recommended	[]		R12	Change impact assessment completed Recommended []
R13	Communication plan created	Recommended	[]		R14	Training plan created Recommended []
R15	Training materials developed	Recommended	[]		R16	Support model defined Recommended []

#	Checkpoint	Required	Status	Owner	Due Date	Notes
R17	Risk assessment completed	Recommended	[]			R18 Mitigation strategies documented Recommended
	[]					R19 Contingency/rollback plan defined Yes []

Section 4: Compliance & Security

#	Checkpoint	Required	Status	Owner	Due Date	Notes
C1	Data classification completed	Yes	☐			
C2	Data sensitivity level documented	Yes	☐			
C3	Data ownership established	Yes	☐			

#	Checkpoint	Required	Status	Owner	Due Date	Notes
C4	PII handling requirements documented	If applicable	☐			
C5	PHI/HIPAA requirements documented	If applicable	☐			
C6	PCI-DSS requirements documented	If applicable	☐			
C7	GDPR/CCPA requirements documented	If applicable	☐			
C8	Industry-specific regulations identified	If applicable	☐			

#	Checkpoint	Required	Status	Owner	Due Date	Notes
C9	Security review completed	Yes	☐			
C10	Data encryption requirements defined	Yes	☐			
C11	Access control requirements defined	Yes	☐			
C12	Audit trail requirements defined	Recommended	☐			
C13	Data retention requirements defined	Yes	☐			
C14	Data residency requirements confirmed	If applicable	☐			
C15	Compliance review completed	If applicable	☐			

Overall Viability Assessment

Section	Checkpoints	Completed	Score	-----	-----	-----	-----	Technical Readiness	24	%
Operational Readiness	17	%	Organizational Readiness	19	%	Compliance & Security	15	%		
OVERALL	75	%								

| Score | Rating | Recommendation | |-----|-----|-----| 90-100% | **GREEN** | Ready to proceed with implementation | 70-89% | **YELLOW** | Proceed with documented remediation plan | 50-69% | **ORANGE** | Address critical gaps before proceeding | <50% | **RED** | Not ready - significant preparation required |

Gap Analysis

Critical Gaps (Must Address Before Proceeding)

#	Gap Description	Owner	Target Date	Status	---	-----	-----	-----	1	1	1	1	1	2	1	1	1	1	3

Important Gaps (Address During Implementation)

#	Gap Description	Owner	Target Date	Status	---	-----	-----	-----	1	1	1	1	1	2	1	1	1	1	3

Nice-to-Have Improvements

#	Improvement	Owner	Target Date	Status	---	-----	-----	-----	1	1	1	1	2	1	1	1
---	-------------	-------	-------------	--------	-----	-------	-------	-------	---	---	---	---	---	---	---	---

Remediation Plan

Gap	Action Required	Owner	Start Date	End Date	Dependencies														

Approvals

Assessment Approval

Role	Name	Signature	Date	-----	-----	-----	-----	Technical Lead	1	1	1	Operations Lead	1	1	1	1
Compliance/Security	1	1	1	Project Manager	1	1	1									

Proceed to Implementation

Role	Name	Signature	Date	-----	-----	-----	-----	Process Owner	1	1	1	Executive Sponsor	1	1	1
------	------	-----------	------	-------	-------	-------	-------	---------------	---	---	---	-------------------	---	---	---

Revision History

Version	Date	Author	Changes	-----	-----	-----	-----	1.0	1	Initial assessment	1	1	1	1
---------	------	--------	---------	-------	-------	-------	-------	-----	---	--------------------	---	---	---	---
